

## Ontario 2011 Provincial Election Comparison of Four Major Political Party Platforms October 2011

The following table compares the platform positions of the four major provincial political parties with RNAO's key expectations for the next government as set out in *Creating Vibrant Communities: RNAO's Challenge to Ontario's Political Parties*.<sup>1</sup> Platform commitments in the table are based on the policies and costing available from the four party websites. Only those commitments that address demands in RNAO's own platform are included. Numbers in brackets correspond with the platform page on which the commitment is made. Unless otherwise specified, expenditure commitments are annual levels that would be reached after four years.
