

RNAO Group Home & Auto Insurance Program Disclosure to Members

Members of the Registered Nurses' Association of Ontario (RNAO) are eligible for exclusive rates on home and auto insurance through a Group Home and Auto Insurance Program administered by HUB International and underwritten by Aviva Traders and Intact Insurance. A group discount of up to 23% on automobile insurance and 15% on property insurance is available in addition to other potential discounts an individual may qualify for. At the time of purchase, RNAO members will be asked to provide their RNAO membership number.

It is important to note that individuals have a responsibility to notify HUB International should they discontinue membership with RNAO. Those who discontinue RNAO membership will no longer be eligible for the Group Program, although HUB will offer coverage through an alternate insurer upon renewal.

RNAO is eligible to receive financial consideration in exchange for making the Home and Auto Insurance Program available to its members and endorsing HUB International as the "Broker of Choice". These funds are used to further develop and enhance RNAO's offering to its membership.
