

Youth Wellness Champions Program Consent for Youth Participation

Your child has been selected for the role of Youth Champion for their school!

This letter is to inform you of the Youth Wellness Champion (YWC) Program and the role of the Youth Champion. Please read the details below. If you consent to your child taking part, please sign below.

Background

The Youth Wellness Champions (YWC) Program is a partnership between the Registered Nurses' Association of Ontario (RNAO) and public health units across the province of Ontario. The program supports students to become mental health champions in their schools.

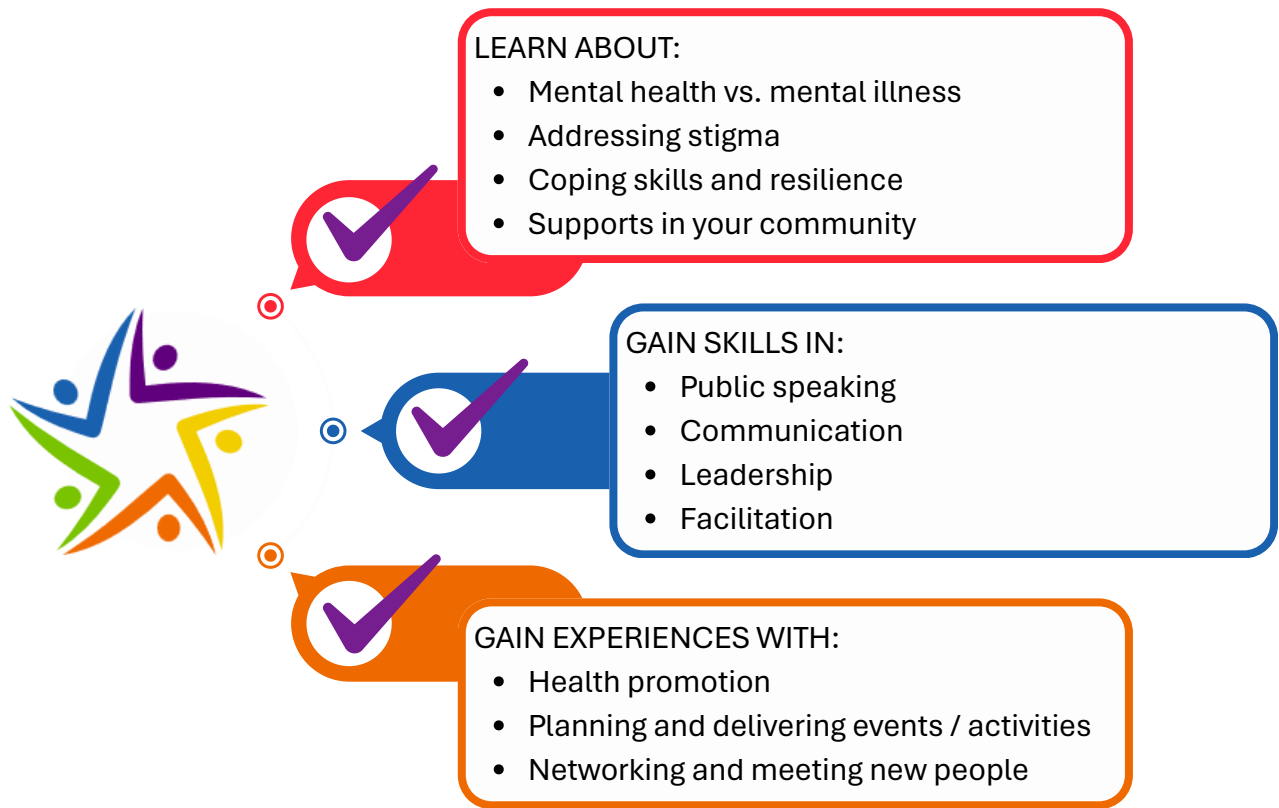

The main goals of the YWC Program: To improve the health and well-being of youth by promoting mental wellness initiatives, helping to reduce the stigma about mental illness, and focus on preventing substance use.

[Health Unit/Agency] has partnered with [school board] to identify and implement YWC into interested schools. [Insert school name] was selected as one of the schools participating within your school board. For your child's school, there will be a School Staff Lead (i.e., Child and Youth Worker, teacher) for the initiative, as well as Public Health Leads from the [your health unit] (please find their contact information on p.3). Students from each participating school will be trained by Public Health Leads and supported to take on the role of **Youth Champion** at their school.

How will your child benefit from being a Youth Champion?

By participating in this initiative as a Youth Champion, your child will have an opportunity to...

What is the role of a Youth Champion?

Youth Champions will be asked to participate in a Champion Workshop, help plan school activities and complete various evaluation activities related to the initiative.

Champion Workshop

There will be a workshop in which Youth Champions will be obligated to attend at their school during class time. This workshop will be facilitated by public health staff.

At this workshop, Youth Champions will:

- Learn about the YWC Program and their role as a Youth Champion.
- Gain background knowledge and understanding about mental health and addictions, stress and wellness through the use of resources, videos and reflective activities.
- Learn about local community resources available to support mental health and well-being.

School activities

Youth Champions will work with the Public Health Leads, School Staff Lead, and other Youth Champions to plan and carry out activities to promote the mental health and wellbeing within their school community. Logistics and timing of these activities will be communicated by your local school and the [insert health unit].

Champion Workshop

Evaluation is an important component of the YWC Program. The evaluation will allow us to measure the effectiveness of the program and improve and build upon the program for future students. Specific evaluation components will be determined by the local public health unit in conjunction with the school board and schools.

The evaluation involves two distinct activities:

Surveys

Youth Champions will be asked to complete a 15-minute paper survey at the beginning and at the end of the initiative. Youth Champions will be asked about their:

- Experiences of working with their peers
- Knowledge of mental health
- Knowledge of reducing stigma within their school communities
- Knowledge of ways to prevent youth from using drugs and alcohol
- Knowledge of supports and resources available

Activity Profile

Youth Champions will be asked to work with other students to profile one of their activities using a medium of their choice.

All program participation is voluntary. Students have the right to participate in some or all components of the initiative and may choose not to participate for any reason. Should your child decide not to participate, this will in no way affect any education, support and/or services received from their local public health unit or from their school. After all evaluation data have been collected, the students will not be identified individually in any reports or publications and information collected will remain anonymous and confidential.

If you have any questions about the YWC Program, please contact your local Public Health Leads.

Rules and Regulations

The Youth Wellness Champions (YWC) Program is dedicated to providing a rewarding leadership development opportunity for youth. In order to achieve this, all participants must be willing to comply with the rules and regulations of the workshop. Failure to comply may result in the dismissal of the individual from the event.

Participants are expected to attend the full length of the workshop in order to facilitate, discuss and encourage growth throughout the experience.

Participants are expected to behave in a manner that is conducive to a friendly, safe, fun and learning environment. Behaviour that is disruptive to other participants or is harmful physically, mentally and/or emotionally to [insert health unit] employees and other participants will not be tolerated.

Participants may not leave the workshop site at any time without first getting approval.

Agreement

- The YWC Program workshop is designed as a means to educate and inspire youth to encourage positive school and community change through their involvement and leadership.
- My child or ward will attend a workshop facilitated by two [insert health unit] staff and supervised by a School Staff Lead. I understand that as a parent I am responsible for the actions of my child or ward, including any failure of my child to abide to all rules and that my child/ward's position as a Youth Champion for the YWC Program can be terminated for any misconduct.

Evaluation

My child, or ward, may participate in evaluation projects facilitated by the [insert health unit] and others working for it or on its behalf. I give unlimited right and permission to use, distribute, publish, and reproduce the data from such projects.

Media Consent

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I hereby grant to the **Insert name of Public Health Unit** and others working for it or on its behalf, and their respective licensees, successors, and assigns (collectively, "Client"), the unlimited right and permission to use, distribute, publish, exhibit, digitize, broadcast, display, reproduce, and otherwise exploit my name, picture, likeness, voice and biographical information, or any material based thereon or derived there from, or to refrain from so doing, in any manner or media whatsoever (whether now known or hereafter devised) anywhere in the world for the purposes of advertising or trade in promoting and publicizing the Client and its products and services.

- I shall have no right of approval, no claim to compensation, and no claim (including, without limitation, claims should be based upon invasion of privacy, defamation, or right of publicity) arising out of any use, alteration, blurring, distortion, faulty reproduction, illusionary effect or use in any composite form of my name, picture, likeness, voice and biographical information.
- My child or ward shall not post photos of others that have been taken during the youth champion workshop without receiving consent by the subject(s).

I have the full right and authority to grant the rights granted hereunder and I agree that this Consent and Release does not in any way conflict with any existing commitment on my part.

I have not heretofore authorized (which authority is still in effect), nor will I authorize or permit the use of my name, picture, likeness, voice and biographical information in connection with the advertising or promotion of any product or service competitive to or incapable with those of the Client.

I have had the opportunity of obtaining independent legal advice concerning the terms of this form and sign this voluntarily and without duress.
