Appendix 1: Methods of the Needs Assessment of the *Leading Change Toolkit*™

Leading Change Toolkit™: Triangulation of Focus Groups, Key Informant Interviews, Surveys, and Panel Launch Discussion

Purpose

Triangulation of focus group data, key informant interviews, surveys, and panel launch discussion was completed in order to provide a summary of key themes that reflect areas for consideration in toolkit update.

Research Question

What do users suggest should be considered or included in the updated toolkit?

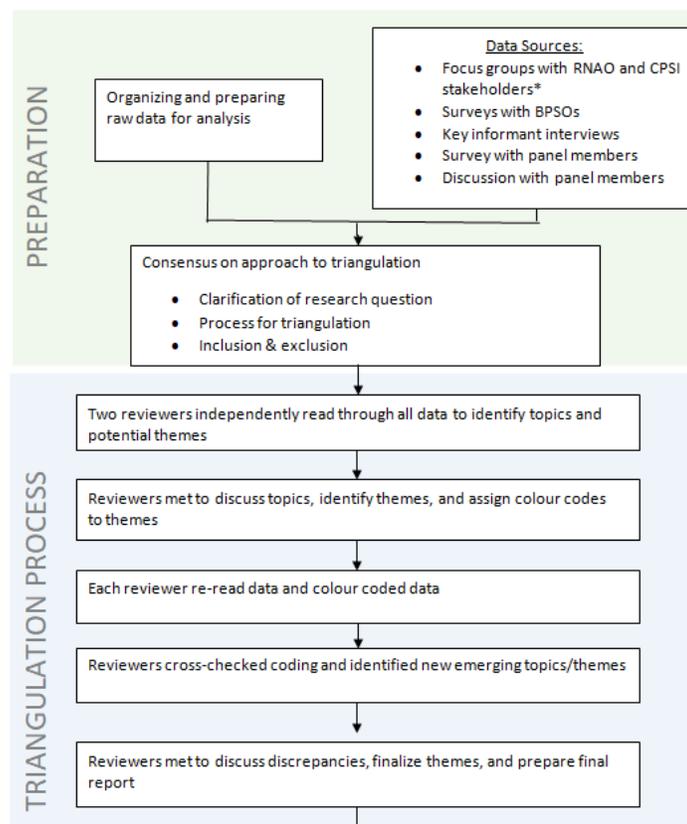

- ▶ e.g., key priority areas, content that should be retained from existing toolkit, recommended resources and tools, content missing from existing toolkit, challenges teams encounter regarding knowledge translation and implementation science.

LEADING CHANGE TOOLKIT™
