

TABLE OF CONTENTS

ABOUT THE AUTHORS.....	IX
CONTRIBUTING AUTHORS.....	XII
FOREWORD.....	XXXIX
INTRODUCTION.....	XLI

UNIT 0 SETTING THE STAGE 1

1	TRANSFORMING NURSING THROUGH KNOWLEDGE: THE CONCEPTUAL AND PROGRAMMATIC UNDERPINNINGS OF RNAO'S BPG PROGRAM	3
	Introduction	4
	The Vision: A Paradigmatic Change in Nursing	5
	<i>What Is Caring?</i>	5
	<i>The Caring-Competence Dichotomy</i>	6
	<i>The Caring-Curing Dichotomy</i>	7
	<i>Redefining Caring as Cognitive, Physical, and Relational Work</i>	7
	<i>Caring: An Individual and Collective Responsibility</i>	8
	Origins and Evolution of RNAO's Best Practice Guidelines Program	9
	<i>BPG Program: Design and Purposeful Evolution</i>	11
	<i>Key Features of RNAO's BPG Program</i>	12
	<i>BPSO Models</i>	15
	<i>Monitoring, Evaluation, and Research</i>	18
	The BPG Program: From Local Impact to Seismic Transformation of Nursing Practice Globally.....	19
	<i>The BPG Program as a Collective Identity</i>	21
	Looking Forward.....	22
	Key Messages.....	24
	References	25

UNIT 1 GUIDELINE DEVELOPMENT: FIRST PILLAR FOR SUCCESS..... 29

2	THE ANATOMY OF A RIGOROUS BEST PRACTICE GUIDELINE DEVELOPMENT PROCESS.....	31
	Introduction	32
	<i>Best Practice Guidelines: Why?</i>	32
	<i>Science of Guideline Development: Setting the Standards</i>	33
	RNAO and Best Practice Guidelines	37
	<i>RNAO Funding</i>	39
	<i>RNAO's Seven-Step Guideline Development Process</i>	39
	<i>Guideline Development Enhancements</i>	49
	RNAO's Evolution in Guideline Development	52
	Key Messages.....	54
	References	54
	Appendix A: Detailed Timelines for Guideline Development Processes	56

Appendix B: Example of Priority-Identification Matrix	59
Appendix C: Terms of Reference Template	61
<i>RNAO Best Practice Guideline Panel</i>	61
Appendix D: RNAO Health Education Fact Sheet	65
Appendix E: Tools for Quality Appraisal of the Literature	67
Appendix F: RNAO Statement on Levels of Evidence Used in Systematic Reviews/Guidelines	68
3 CREATING HEALTHY WORKPLACES: ENABLING CLINICAL EXCELLENCE	69
Introduction	70
Initiation of Healthy Work Environments (HWE) BPGs	70
<i>Definition of a Healthy Work Environment</i>	71
<i>The HWE Conceptual Model</i>	71
<i>HWE BPG Development Methodology</i>	76
<i>Developing HWE BPGs: Where to Start</i>	77
The Foundational HWE BPGs.	78
<i>Effective Nursing Leadership</i>	79
<i>Collaborative Practice</i>	79
<i>Staffing, Workload, and Structure</i>	79
<i>Professionalism</i>	79
<i>Workplace Culture and Diversity</i>	79
<i>Workplace Health, Safety, and Well-Being of the Nurse</i>	80
<i>Pilot Implementation and Evaluation</i>	80
Creating Healthy Workplaces.	82
<i>Healthy Work Environments and the Impact on Healthcare Settings</i>	82
Implementing HWE BPGs	86
HWE BPGs: Evaluating Implementation Processes and Outcomes	86
<i>Case Study: HWE BPGs and Clinical Excellence: Scarborough and Rouge Hospital's Experience</i>	87
Into the Future	88
Conclusion	88
Key Messages.	89
References	89

UNIT 2 IMPLEMENTATION SCIENCE: SECOND PILLAR FOR SUCCESS. 93

4 FORGING THE WAY WITH IMPLEMENTATION SCIENCE	95
Introduction	96
<i>Multilevel and Multifaceted Implementation</i>	96
<i>Micro-Level/Individual Nurse Implementation</i>	98
<i>Meso-Level/Organizational Level Implementation</i>	102
<i>Macro-Level/Health System Implementation</i>	110

Latest Perspectives on Implementation Science	111
<i>Integrated Knowledge Translation and Patient Engagement</i>	111
<i>Technology-Enabled Knowledge Translation</i>	112
<i>Arts-Based Knowledge Translation</i>	112
<i>Developmental Evaluation</i>	113
<i>Deimplementation</i>	113
Conclusion	113
Key Messages.	114
References	115
5 TECHNOLOGY AS AN ENABLER OF EVIDENCE-BASED PRACTICE	117
Introduction	118
eHealth	118
RNAO Nursing Best Practice Guidelines App	119
Nursing Order Sets.	121
<i>Development Process</i>	123
<i>Key Features and Potential Benefits</i>	125
<i>Nursing Order Sets in Action</i>	128
<i>Nursing Order Set Case Studies</i>	131
<i>Case Study: Nursing Order Sets in Home Care</i>	131
<i>Case Study: Nursing Order Sets in Acute Care</i>	132
<i>Case Study: Nursing Order Sets in Long-Term Care</i>	132
eHealth BPG: Adopting eHealth Solutions.	133
<i>Key Individual/Organization Recommendations</i>	135
<i>Key Education Recommendations</i>	135
<i>Key System/Policy Recommendations</i>	136
Conclusion	137
Key Messages.	138
References	138
6 BEST PRACTICE SPOTLIGHT ORGANIZATION: IMPLEMENTATION SCIENCE AT ITS BEST	141
Introduction	142
Why BPSOs.	142
<i>BPSO Objectives</i>	143
<i>Selecting the BPSOs</i>	143
The BPSO Designation.	144
<i>The BPSO Host Model</i>	145
BPSO Implementation Strategies.	147
<i>RNAO Coaching and Consultation</i>	147
<i>A Systematic Implementation Process</i>	148
Ensuring BPSO Success	149
<i>Infrastructure</i>	149
<i>Capacity Building</i>	150
<i>Sustained Implementation</i>	154

	<i>Dissemination</i>	155
	<i>Monitoring and Reporting Progress</i>	155
	<i>Evaluation</i>	156
	<i>BPSO Hosts</i>	156
	<i>Audit and Feedback</i>	156
	Summary of BPSO Requirements	157
	RNAO's Commitments	158
	BPSO Success Factors	159
	Conclusion and Future Considerations	159
	Key Messages	160
	References	160
	Appendix A: Steps to Becoming a Best Practice Spotlight Organization (BPSO)	163
7	THE BPSO PIONEERS: CREATING, SUSTAINING, AND EXPANDING EVIDENCE-BASED CULTURES THROUGH THE BPSO DESIGNATION	167
	Introduction	168
	<i>Case Study: Saint Elizabeth</i>	169
	<i>Case Study: West Park Healthcare Centre</i>	174
	<i>Case Study: Sunnybrook Health Sciences Centre</i>	179
	Reflective Questions	183
	Conclusion	183
	Key Messages	183
	<i>Build Relationships and Trust</i>	183
	<i>Create an Empowering Work Environment</i>	184
	<i>Create a Culture That Supports Knowledge Development and Integration</i>	184
	<i>Lead and Sustain Change</i>	184
	<i>Balance Complex Environments and Manage Competing Values and Priorities</i>	185
	References	185
8	CREATING EVIDENCE-BASED CULTURES ACROSS THE HEALTH CONTINUUM	187
	Acknowledgments	188
	Introduction	188
	<i>Case Study: Toronto Public Health BPSO Experience</i>	189
	<i>Case Study: Bluewater Health BPSO Experience</i>	192
	<i>Case Study: North Bay Nurse Practitioner-Led Clinic BPSO Experience</i>	196
	<i>Case Study: Bayshore HealthCare Ltd.: BPSO Experience</i>	201
	<i>Case Study: St. Michael's Hospital BPSO Experience</i>	204
	Concluding Perspectives From the BPSO Organizational Leaders	210
	Conclusion	211
	Key Messages	211
	References	212

9	ENHANCING THE EVIDENCE-BASED NURSING CURRICULUM AND COMPETENCE IN EVIDENCE-BASED PRACTICE	217
	Introduction	218
	From Candidacy to Designation.....	219
	Purpose of Academic BPSOs	220
	Becoming an Academic Best Practice Spotlight Organization.....	221
	<i>Building a Culture of Evidence.</i>	222
	<i>Establishing Structural Supports.</i>	224
	<i>Identifying Stakeholders.</i>	224
	<i>Developing an Academic BPSO Action Plan</i>	224
	<i>Establishing an Infrastructure</i>	226
	Integrating BPGs Into the Curriculum	227
	<i>Designing Multilevel BPG-Related Learning Objectives</i>	227
	Reinforcing Supports and Overcoming Challenges for Sustained Change . . .	230
	BPG Integration in Academia: Measuring Success.....	232
	Supporting Evidence-Based Education Through Research	234
	Conclusion	235
	Key Messages.....	235
	References	236

UNIT 3 SCALING UP, SCALING OUT, AND SCALING DEEP: SYSTEM-WIDE IMPLEMENTATION 239

10	SCALING UP AND OUT: SYSTEM-WIDE IMPLEMENTATION INITIATIVES	241
	Introduction	242
	Scaling: The Goal of Diffusion and Innovation	242
	<i>Scaling Up: Key Considerations</i>	242
	<i>Scaling Up Successfully</i>	243
	<i>Case Study: Mental Health and Addiction Initiative.</i>	244
	<i>Case Study: Tobacco Intervention Initiative</i>	249
	<i>Case Study: Prevention of Falls and Injury From Falls in the Older Adult</i> ..	254
	Conclusion	261
	Key Messages.....	262
	References	262
11	EVIDENCE-BASED PRACTICE IN LONG-TERM CARE	265
	Introduction	266
	Background and History.....	266
	Program Infrastructure	267
	<i>Vision, Mission, and Values</i>	267
	<i>The Guiding Framework.</i>	268
	<i>The LTC Best Practice Coordinators.</i>	269
	LTC Best Practice Guidelines Program Evaluation	274

Impact of the Program on the Long-Term Care Sector	274
<i>Case Study: Extendicare Haliburton</i>	275
<i>Case Study: Tilbury Manor</i>	276
Further Scaling Up Through Adaptation of the RNAO Best Practice Spotlight Organization	277
<i>Purpose and Adaptations of the BPSO Program to Long-Term Care</i>	277
<i>Case Study: The Impact of LTC-BPSO at St. Peter's Residence</i>	280
Conclusion	282
Key Messages	282
References	282

UNIT 4 INSPIRING AND MANAGING IMPLEMENTATION ON A GLOBAL SCALE 285

12 RNAO'S GLOBAL SPREAD OF BPGS: THE BPSO DESIGNATION SUSTAINABILITY AND FIDELITY.....	287
Introduction	288
Rogers' Diffusion of Innovation and RNAO's BPG Program Success	288
<i>The Elements of Diffusion: Factors and Characteristics</i>	289
<i>BPSO Designation: Successful Diffusion at the Organizational Level</i>	296
<i>BPSO Host Model: Successful Diffusion at the Macro Global Level</i>	301
<i>The BPSO Orientation Program</i>	303
<i>NQuIRE Data System as a Fidelity and Quality Assurance Strategy</i>	305
<i>Use of Technology to Provide Education and Consultation</i>	306
<i>Approaches to Translation</i>	306
<i>Ongoing BPSO Designation Requirements and Opportunities</i>	306
The Future	308
<i>BPG Translation</i>	309
<i>BPSO Spread, Sustainability, and Quality Monitoring Through Training Trainers</i>	309
Conclusion	313
Key Messages	313
References	314
13 BPSO HOST: A MODEL FOR SCALING OUT GLOBALLY.....	319
Introduction	320
Nursing Care in the Spanish Health System	320
The Spanish Experience of Implementing RNAO BPGs	321
<i>Building a Successful Initiative</i>	321
<i>Our First Cohort</i>	322
<i>Our Second Cohort</i>	324
<i>Overall Strategies</i>	327
<i>Evaluation Process</i>	328
<i>Overall Impact</i>	329

	Conclusion	330
	Key Messages	331
	References	331
14	OVERCOMING CONTEXT AND LANGUAGE DIFFERENCES: BPSO TRAILBLAZERS IN CHINA.....	333
	Introduction	334
	The Background of Introducing BPSOs in China	334
	Establishing Academic and Service BPSOs in China	334
	<i>Building Up the BPSO Team</i>	335
	<i>Selecting and Translating BPGs</i>	335
	Integrating BPGs Into Nursing Education: The BUCM Experience	336
	<i>In the Classroom.</i>	337
	Implementing BPGs Into Clinical Nursing Practice: The DongZhiMen Hospital Experience	340
	<i>Assessing Facilitators and Barriers to BPG</i>	343
	<i>Developing Implementation Strategies</i>	345
	<i>Monitoring BPG Use and Evaluating Outcomes</i>	348
	<i>Sustaining BPG Use</i>	349
	Achievements of the BPSO Designation in China	350
	<i>Achievements by the Academic BPSO.</i>	350
	<i>Achievements by the Service BPSO.</i>	352
	Challenges and Solutions to BPSO Implementation	353
	<i>Heavy Workload.</i>	353
	<i>Cultural Differences</i>	354
	<i>Attitudes, Knowledge, and Practices in Evidence-Based Nursing.</i>	354
	Future Prospects of China BPSOs	355
	<i>Building an EBN Culture</i>	355
	<i>Introduction of EBN Into TCM Nursing</i>	355
	<i>BPSO Designation Expansion</i>	355
	Conclusion	356
	Key Messages	356
	References	357
15	THE LATIN-AMERICAN BPSO EXPERIENCE: A CONSORTIUM MODEL	359
	Introduction	360
	<i>Case Study: The Experience of FCI-IC in Implementing RNAO Evidence-Based Guidelines</i>	361
	<i>Case Study: The Experience of FOSCAL in Implementing RNAO Evidence-Based Guidelines</i>	370
	<i>Case Study: The Experience of Clínica las Condes in Implementing RNAO Evidence-Based Guidelines</i>	380
	The Latin America BPSO Consortium: From Strength to Greater Strength . . .	388
	Conclusion	389
	Key Messages	390
	References	390

UNIT 5 EVALUATING OUTCOMES, PROVING RESULTS: THIRD PILLAR FOR SUCCESS. 393

16	EVALUATING BPG IMPACT: DEVELOPMENT AND REFINEMENT OF NQUIRE.....	395
	Introduction	396
	History and Purpose of NQUIRE	398
	The Donabedian Model of Structure, Process, and Outcomes and NQUIRE Indicators	398
	<i>Taxonomy of Quality Measures</i>	399
	<i>Frequency of Data Collection</i>	401
	NQUIRE Indicator Development Process	401
	<i>Purposeful Evolution of NQUIRE</i>	403
	<i>NQUIRE Indicators: Refinement</i>	404
	<i>Academic Indicators</i>	406
	NQUIRE International Advisory Council	406
	NQUIRE Security and Privacy	407
	NQUIRE Data Quality Framework.	409
	<i>Responding to the BPSOs to Enhance Data Quality</i>	410
	<i>The Data Quality Framework</i>	412
	<i>Four Components of the NQUIRE Data Quality Framework</i>	412
	<i>Summary of NQUIRE Data Quality Framework</i>	421
	Future Directions: Evidence Boosters and BPSO-NQUIRE Evaluation Model	421
	Economics of Nursing.	422
	<i>BPSO-NQUIRE Evaluation Model: Strategic Focus</i>	423
	Conclusion	424
	Key Messages	424
	References	425
	Appendix A: Evidence Boosters Demonstrating BPG Impact in BPSO	428
17	VALUE FOR MONEY: MEASURING THE ECONOMIC IMPACT OF BPSOS IN AUSTRALIA	433
	Introduction	434
	Background of the ANMF.	436
	ANMF (SA Branch): The Australian BPSO Host	436
	The Australian BPSO Model	437
	<i>The Beginnings of the BPSO Host Model</i>	437
	BPSO and BPG Implementation	441
	<i>Phase 1 Pilot Site 1: Central Adelaide Rehabilitation Service (CARS)</i>	441
	<i>Phase 1 Pilot Site 2: Northern Adelaide Local Health Network (NALHN)</i>	441
	<i>BPSO Phase 1 Evaluation</i>	442
	<i>BPSO Phase 1: Evaluation Results and Findings</i>	445
	<i>Summary</i>	457

Measuring Economic Outcomes of the Australian BPSO Designation	457
<i>Economic Impact of BPG Implementation Shown Through Cost</i>	
<i>Benefit Analysis</i>	457
<i>Other Savings That Are Related to Reduction in Restraint</i>	458
Conclusion	460
Key Messages	460
References	460

UNIT 6 NEXT STEPS: FROM PRACTICE TO POLICY 463

18 SCALING DEEP TO IMPROVE PEOPLE'S HEALTH: FROM EVIDENCE-BASED PRACTICE TO EVIDENCE-BASED POLICY	465
Introduction	466
Nursing as Body Politic.	466
The Necessity but Insufficiency of an Evidence-Based Approach	467
Foundational Ideas and Conceptual Framework for Advocacy	468
<i>The Two Pillars for Advancing Healthy Public Policy</i>	468
<i>Stages of Policy Advocacy</i>	476
<i>Case Study: Linking Evidence and Advocacy for Supervised Injection Services in Ontario</i>	477
<i>Case Study: Linking Evidence and Advocacy for Funding Offloading Devices in Ontario</i>	485
Conclusion	490
Key Messages	491
References	491
INDEX	495
