

# **Building an interprofessional team in health care: A Healthy Work Environments workshop**

## **August 24, 2016**

### **Toronto, ON**

**Great collaborators are passionate about their work and know what a successful outcome looks like. Learn the essential elements necessary to create and sustain an effective interprofessional team.**

**Interprofessional care optimizes quality outcomes for all stakeholders involved, including:**

- **patients/clients**
- **providers**
- **teams**
- **your organization**
- **the health-care system**

**At the end of this workshop, participants will be able to:**

- **identify various strategies to form interprofessional teams in health-care settings**
- **state multiple strategies for enhancing and evaluating interprofessional care**
- **develop an action plan to enhance interprofessional care.**

**Cost for Members: \$200.00 + HST**

**Cost for non-Members: \$265.00 + HST**
