

Registered Nurses' Association of Ontario
L'Association des infirmières et infirmiers
autorisés de l'Ontario

**RNAO's International Affairs & Best Practice Guidelines Centre
LTC - Best Practice Spotlight Organization[®] Designation
Request for Proposals**

Request for Proposals in Ontario (Ref No. LTC-BPSO[®] #113)

Closing Date: December 6, 2018

The Registered Nurses' Association of Ontario (RNAO) is requesting proposals from interested and eligible **long-term care (LTC) homes located in Ontario**, to work in collaboration with the RNAO in implementing and evaluating multiple clinical nursing best practice guidelines (BPG), and disseminating knowledge from their experiences and outcomes with guideline implementation. This is an initiative launched in April 2014 and is being carried out in conjunction with the Long-Term Care Best Practices Program, supported by the Government of Ontario¹.

For more information about the LTC-BPSO Designation, please visit <http://rnao.ca/bpg/bpsoltc>.

Background

The Long-Term Care - Best Practice Spotlight Organization (LTC-BPSO) Designation has been designed to support long-term care homes in achieving clinical excellence through the implementation, evaluation and sustainability of multiple clinical practice guidelines. The LTC-BPSO Designation tailors the BPSO Designation to the needs of the LTC sector. The BPSO Designation was launched in 2003 as a central knowledge-translation and uptake component of RNAO's Best Practice Guideline Program.

To date, 132 BPSO Direct and four BPSO Host organizations – involving over 700 health service and academic entities – are active in the BPSO Designation Program. Seventy-six (76) BPSOs are in Ontario, with others across Canada, and in Australia, Belgium, Chile, China, Colombia, Italy, Jamaica, Peru, Philippines, Portugal, Qatar, and Spain. The first two cohorts of five Ontario LTC-BPSOs, representing nine LTC homes, achieved BPSO Designation since April 2017, and the 4 cohorts currently in the pre-designation period include 19 LTC-BPSOs representing 29 LTC homes.

This Request for Proposals (RFP) is exclusive to long-term care settings and aims to select and support a cohort of LTC-BPSO organizations. Successful applicants will

¹ If, pursuant to the provisions of the Financial Administration Act (Ontario), RNAO does not receive, via the Province of Ontario, the necessary appropriation for payment under this agreement, RNAO is not obligated to make any such payment, and, as a consequence RNAO may reduce the funding available, or terminate the agreement.

initially enter into a formal three (3) year agreement with RNAO. During this time, long-term care home leaders and their staff will focus on enhancing their evidence-based cultures, with the mandate to implement and evaluate a minimum of three (3) RNAO clinical practice guidelines, one of which must be implemented across the entire organization.

At the end of the three-year period, and assuming all deliverables are met, the participating LTC home will achieve “LTC-BPSO Designate” status. As a designated LTC-BPSO the LTC home focuses on sustainability and commits to continue the implementation, evaluation, spread and expansion of best practice guidelines in their LTC home, and to serve as a mentor to new BPSOs, locally, nationally and internationally. BPSO Designation is renewed every two years, assuming deliverables are met.

This is the sixth long-term care sector-specific BPSO RFP issued by RNAO. Although long-term care homes have participated in the BPSO Designation in the past, there are several areas of the RFP that have been modified to enhance the experience of participating LTC homes and ensure successful engagement of the LTC sector in the BPSO Designation – both in the initial three years and beyond.

Instructions to Applicants

1. An electronic letter of intent must be submitted to the attention of Ms Heather McConnell, Associate Director through Citali Singh, Project Coordinator at csingh@RNAO.ca by 4:00 pm ET on **Monday, November 12, 2018**. The letter should include a statement expressing the long-term care home’s intent to submit a full proposal by the **Thursday, December 6, 2018**, deadline. Letters of intent should also indicate that the applicant organization understands the requirements of the RFP and include a brief description of the level of organizational support. Instructions related to the online application process will be provided to those organizations that provide a Letter of Intent by the deadline.
2. Proposals in response to this RFP must be entered online by 4:00 pm ET on **Thursday, December 6, 2018**. **The proposal submission website will be closed at 5:00 pm ET.**
3. All questions or inquiries concerning this RFP must be received in writing or by email no later than five (5) business days (November 29, 2018) prior to the proposal deadline and be submitted to csingh@RNAO.ca for the attention of Ms. Heather McConnell, Associate Director. An emailed response to the inquiry will be provided by RNAO. Verbal responses to any inquiry cannot be relied upon and are not binding on either party.
4. If an Agreement is to be awarded as a result of this RFP, it shall be awarded to the applicant who has the capacity in all respects to fully perform the requirements of the initiative, and the integrity, reliability and accountability to assure achievement of the deliverables in the Agreement.

5. In the event of any inconsistency between this RFP, and the ensuing Agreement, the Agreement shall govern.
6. The RNAO has the right to amend or cancel this RFP at any time and to reissue it for any reason whatsoever without incurring any liability and no applicant will have any claim against the RNAO, any of its staff, or the Ontario Ministry of Health and Long-Term Care, as a consequence.
7. Any and all amendments made by the RNAO to the RFP will be issued on the RNAO website (www.RNAO.ca) up to and including the date one-week prior to the Thursday, December 6, 2018, deadline.
8. The RNAO is not liable for any costs related to the preparation or presentation of proposals.
9. The LTC-BPSO Proposal Evaluation Committee will review each submission, and in its sole discretion and without liability to any organization and/or person, shall have the right to disqualify any proposal that contains false information or if, on its face, the proposal has a conflict of interest. Moreover, the RNAO reserves the exclusive right to determine the qualitative aspects of all proposals relative to the evaluation criteria.
10. Proposals may be short-listed and applicants may be requested to provide further information and/or make revisions prior to final selection.
11. The applicant's proposal and accompanying documentation shall become the property of the RNAO and will not be returned. All information and data supplied by the applicant will be held in confidence by RNAO and will not be disclosed to parties other than the LTC-BPSO Proposal Evaluation Committee without the prior written consent of the applicant.

TERMS OF REFERENCE

Overview

The Registered Nurses' Association of Ontario (RNAO), through funding from the Government of Ontario, launched in November 1999 a multi-year program to develop, disseminate, and actively support the uptake of evidence-based practice guidelines, and evaluate their impact on patients/clients/residents, staff, organizational and system outcomes.

The Nursing Best Practice Guideline Program has, to date, developed a total of fifty-four (54) guidelines, 42 clinical guidelines and 12 system and healthy work environment guidelines. The published guidelines are disseminated widely and uptake is supported using a multi-pronged approach that includes an individual, organizational and broad health system focus. The BPSO Designation is targeted to specifically support guideline implementation at the individual and organizational levels.

The RNAO's Long-Term Care Best Practices Program has been funded by the Ontario Ministry of Health and Long-Term Care since 2005 and led by the RNAO since 2008. The mission of this program is to enhance the quality of care for residents in long-term care homes in Ontario and to facilitate a culture of evidence-based practice through the implementation of best practice guidelines by LTC home staff. The shared values of this work include recognition that successful implementation will be achieved by involving key stakeholders throughout the process; knowledge and resource exchange; learning through dialogue; ongoing evaluation and reflection; and integrating plans for long-term sustainability.

In addition, the RNAO Best Practice Spotlight Organization Designation provides support to specific organizations as they work to create evidence-based practice cultures through a formal partnership with RNAO focused on implementing multiple clinical practice guidelines.

For details on the LTC Best Practices Program, the BPSO Designation, the LTC-BPSO Designation, and for a full list of the RNAO's best practice guidelines, visit www.RNAO.ca. RNAO is releasing this fifth RFP for the Long-Term Care - Best Practice Spotlight Organization Designation (LTC-BPSO), which tailors the BPSO Designation to the long-term care sector.

LTC-BPSO Designation Description

The LTC-BPSO Designation is an opportunity for long-term care homes to partner with RNAO to create evidence-based cultures in their organizations through systematic implementation and evaluation of multiple RNAO BPGs. The objectives of this designation program are to:

1. establish dynamic, long-term partnerships with long-term care settings that focus

2. demonstrate strategies for successfully implementing RNAO best practice guidelines at the individual and organizational level;
3. establish and adopt effective and consistent approaches to evaluate implementation activities utilizing appropriate structure, process and outcome indicators; and,
4. integrate effective strategies for system-wide guideline implementation targeted to long-term care.

LTC homes selected through this RFP will be referred to as **LTC Best Practice Spotlight Organizations (LTC-BPSO)**. As LTC-BPSOs, long-term care homes will contribute significantly to our growing understanding of the guideline implementation process, and to the ongoing evaluation of the impact of RNAO’s nursing best practice guidelines on resident, staff, organizational and system outcomes. The LTC-BPSO organizations will work collaboratively with RNAO, with both parties committing financial and expert resources to the program. RNAO will commit financial and expert resources based on funding support from the Government of Ontario, available through the LTC Best Practices Program. The LTC-BPSO site will commit finances – actual and/or in-kind – and expertise from its own resources, leveraging existing quality improvement activities. There is no specific requirement for “matched funding”.

At a minimum, the LTC-BPSO organizations will commit to:

1. Engage in a three-year partnership with RNAO, to be reviewed annually and renewed, provided criteria are met.
2. Contribute the necessary human and financial resources (actual and/or in-kind) to support guideline implementation, evaluation, and sustainability during the initial three-year pre-designation period, and as a LTC-BPSO Designate.

Implementation:

In order to support LTC in meeting legislative requirements, several of the guidelines listed below reflect one or more of the required programs outlined in the Long-Term Care Homes Act, 2007 and Regulations 79/10 for which RNAO has best practice guidelines: Falls Prevention and Management; Skin and Wound Care; Continence Care and Bowel Management; and Pain Management.

3. Implement and/or expand the implementation of a minimum of three (3) RNAO **clinical** best practice guidelines which support quality care in LTC from the following lists:

A minimum of one guideline for implementation, preferably two, must be selected from those listed in Table 1:

TABLE 1: Mandatory Guidelines for Implementation

<ul style="list-style-type: none">• Assessment and Management of Foot Ulcers for People with Diabetes (2nd ed) OR• Assessment and Management of Pressure Injuries for the Interprofessional Team (3rd ed)
<ul style="list-style-type: none">• Assessment and Management of Pain (3rd ed)
<ul style="list-style-type: none">• Preventing Falls and Reducing Injury from Falls (4th ed)

The remaining guideline(s) for implementation may be selected from Table 1 and/or Table 2.

TABLE 2: Additional Guidelines Available for Implementation

<ul style="list-style-type: none">• Delirium, Dementia, and Depression in Older Adults: Assessment and Care (2nd ed)
<ul style="list-style-type: none">• End-of-Life Care During the Last Days and Hours (next edition to be released 2018/19)*
<ul style="list-style-type: none">• Integrating Tobacco Intervention into Daily Practice (3rd ed)
<ul style="list-style-type: none">• Oral Health: Nursing Assessment and Interventions (next edition to be released 2018/19)*
<ul style="list-style-type: none">• Ostomy Care and Management (next edition to be released 2018/19)*
<ul style="list-style-type: none">• Promoting Safety: Alternatives to the Use of Restraints (NQuIRE indicators pending)
<ul style="list-style-type: none">• Person- and Family-Centred Care
<ul style="list-style-type: none">• Preventing and Addressing Abuse and Neglect of Older Adults (NQuIRE indicators pending)
<ul style="list-style-type: none">• Prevention of Constipation in the Older Adult Population (next edition to be released 2020, to be combined into one with continence)*
<ul style="list-style-type: none">• Promoting Continence Using Prompted Voiding (next edition to be released 2020, to be combined into one with constipation)*
<ul style="list-style-type: none">• Risk Assessment and Prevention of Pressure Ulcers
<ul style="list-style-type: none">• Strategies to Support Self-Management in Chronic Conditions

* Please note that for those guidelines being released as a next edition in 2018/19 and 2020 implementation should be planned for year 2, in order that the most current version of the guideline is the focus of implementation activities.

At a minimum, one of the three (3) clinical guidelines must be implemented across the entire LTC home, while the others may be implemented within specific programs/units/home areas. All BPGs must be implemented by the end of the second year, with at least one guideline implementation completed in the first year. This will leave year three for a focus on evaluation and sustainability and prepare for LTC-BPSO Designation. For those LTC homes with multiple sites, organizations may select one site to initiate their LTC-BPSO work, and plan to spread to their other sites once they are a LTC-BPSO Designate, or they may choose to implement across the entire organization at all sites. If the applicant selects the latter choice, the one guideline to be implemented across the LTC

home must be implemented at all sites.

Additional guidelines for implementation, beyond the minimum of three (3), may be identified by the LTC home from the Tables above or the complete list of guidelines, including system and healthy work environment guidelines, posted on RNAO's website at www.rnao.ca/bpg.

4. The LTC-BPSO may choose to integrate RNAO BPG Order Sets™ within their electronic medical record system for, at a minimum, those guideline(s) being implemented across the entire organization. Preference will be given to those applications that include BPG Order Sets as part of their implementation plan, but this is not mandatory. RNAO will provide the LTC-BPSO with free access to RNAO's BPG Order Set library via the BPG Order Set website (<http://nos.rnao.ca/list>) and RNAO's BPG Order Set Implementation Guide for PointClickCare users.

Capacity Development:

5. Engage and maintain a critical mass of at least 15% of care-giving and management staff (a combination of NPs, RNs, RPNs, PSWs and other members of the interprofessional team) as RNAO Best Practice Champions, over the span of the 3-year partnership. Champion development targets should be carried out according to the following schedule: Year 1 - 6%; Year 2- an additional 6%, totalling 12%; Year 3- an additional 3%, totalling 15%. The intent is to develop capacity among a cohort of staff including registered nursing staff that will be able to support guideline implementation and evaluation. This cohort should include designated lead and staff currently engaged in clinical practice change related to the required programs outlined above.
6. Send a minimum of one (1) registered nurse, registered practical nurse or nurse practitioner to the RNAO Clinical BPG Institute (either the Foundational or Advanced Stream) in each year of the partnership, funded by RNAO with support from the Ministry of Health and Long-term Care.
7. Submit a minimum of one (1) proposal over the span of the 3-year pre-designation period for a registered nurse (RN) or nurse practitioner (NP) to participate in the RNAO Advanced Clinical Practice Fellowship (ACPF) Program. As the intent is to develop capacity in guideline implementation, the submissions must be related to the guidelines being implemented as part of the BPSO Designation. In order to facilitate the application process, the requirement for the LTC-BPSO is to commit to in-kind support to enable successful completion of the fellowship. More information about the ACPF Program can be found at <http://rnao.ca/bpg/get-involved/acpf>.
8. Maintain a database of internal human resources who are engaged in LTC-BPSO related activities through the Best Practice Champions Network, ACPF, Clinical BPG Institute, etc., and plan a program for knowledge exchange.

9. Send up to four (4) staff to the LTC-BPSO Orientation, and up to two (2) staff to the Annual BPSO Knowledge Exchange Symposium. Funding is provided by RNAO with support from the Ontario Ministry of Health and Long-Term Care.
10. Establish a LTC-BPSO infrastructure including a steering committee responsible for the BPSO Designation within their organization and include a reporting and accountability framework to guide the work of the LTC-BPSO Liaison and the implementation team(s).
11. Commit to working with the RNAO LTC Best Practice Co-ordinator within the LHIN boundary who will act as the dedicated RNAO LTC-BPSO Coach throughout the three (3) year pre-designation period. The LTC-BPSO Coach will provide support through a consultative and coaching model, and will not be a working member of the LTC-BPSO implementation team.
12. Identify and provide a regulated nursing staff member in a leadership role within the LTC home to act as BPSO Liaison to coordinate the implementation and evaluation activities. This individual will be the key person to liaise with the RNAO LTC-BPSO Coach. They will need dedicated time for LTC-BPSO activities, which will include support to a maximum of 0.2 FTE or up to 1 day/week. The LTC-BPSO Coach will provide consultation services in person and/or virtually, and meeting frequency will be mutually established. The BPSO Liaison is required to be available to work directly with the LTC-BPSO Coach. The BPSO Liaison will require additional time beyond that spent with the LTC-BPSO Coach to lead the LTC-BPSO activities and achieve the expected deliverables.
13. Commit to working with a BPSO Designate mentor organization, as appropriate, in order to develop guideline implementation capacity.
14. Develop a sustainability plan for the first two (2) years of BPSO designation that includes integration of the best practice guidelines with organizational structures, processes and staff roles. Plans for sustaining work from the pre-designation period as well as continued evaluation and spread and expansion of BPG implementation and achieving other BPSO Designate deliverables are required. This plan should be well developed and approved by the end of year 2.
15. Participate actively in monthly LTC-BPSO Knowledge Exchange teleconferences, hosted by RNAO, in order to share knowledge and experiences with other LTC-BPSO Liaisons.

Evaluation and Research:

16. Mandatory participation in the RNAO international indicator data system Nursing Quality Indicators for Reporting and Evaluation[®] (NQuIRE[®]), which collects data on human resource structure, nursing practice and resident outcome indicators. It is required that the NQuIRE Data System Usage Agreement is signed by the LTC-

BPSO upon acceptance as a LTC-BPSO and prior to commencing participation in NQuIRE.

- a) The minimum requirement for NQuIRE participation is to submit data on a monthly, quarterly or annually, depending on the indicator, consistently for units, teams, programs or services as outlined below:
- A minimum of two (2) human resource structure indicators collected at the unit level where the BPG is being implemented (listed below) and one (1) NQuIRE process indicator and one (1) NQuIRE outcome indicator for at minimum the one mandatory guideline selected for implementation. These will be selected from a list of mandatory indicators for those guidelines outlined in Table 1.
 - Baseline data submission is required on the process and outcome indicators chosen above for a period of 3-12 months (as available) prior to the initiation of implementation activities. Baseline data will support the completion of a gap analysis and allows the LTC-BPSO to monitor improvements. In addition, guidelines previously implemented prior to the start of the LTC-BPSO work are to be identified, to provide context for the pre-implementation data.

Human resource structure indicators include:

- Nursing hours per patient day or patient visit: Total number of nursing hours worked relative to the patient load on the implementation site during the measurement period
- Staff mix, RN worked hours: Percentage of the total nursing worked hours provided by RNs during the measurement period
- Staff mix, agency/purchased nursing staff hours: Percentage of the total nursing worked hours provided by agency/ purchased nursing staff during the measurement period
- Absenteeism: Percentage of full-time nursing earned hours that were paid sick time hours during the measurement period
- Turnover rate: The number of permanent full- and permanent part-time nursing staff who have left the employment of the organization (both voluntarily and involuntarily) as a percentage of the total number of permanent full-time and permanent part-time nursing staff

- b) Collect and submit indicator data:
- The RNAO will provide the LTC-BPSO with the data collection requirements and data collection tools (via NQuIRE's web-based data system for inputting data) for the quality indicators chosen for monitoring and evaluating the best practice guidelines selected for implementation. LTC-BPSOs will be able to produce their own automated reports including dashboards for selected implementation sites via the data system's web interface.
 - The RNAO will provide training and guidance on how to collect data.
 - Data collected from LTC-BPSOs will not include individual resident identifiers and will be aggregated to determine the impact of clinical best

practice guidelines on client outcomes, nursing practice and organizational performance.

- c) Collect and share results from established health information data libraries or repositories (e.g. RAI-MDS) and apply the “collect once, use many times” principle to demonstrate the impact of implementing the best practice guidelines in LTC homes and/or complement the NQuIRE results.
 - d) Conduct regular quality improvement monitoring activities related to the implementation of each best practice guideline and submit results in web-based semi-annual reports to RNAO.
17. Take advantage of opportunities to participate in research projects, as requested and as appropriate, related to knowledge uptake, clinical, financial and/or system outcomes, as well as policy formulation/evaluation. This could include the involvement of researchers external to the organization that could support the facilitation of research and capacity building within the long-term care home and the long-term care sector.
18. Eligible to become an organizational member of the Best Practice Spotlight Organization Research Consortium (BPSORC) which will afford the LTC-BPSO opportunities for linking with researchers and others related to evidence-based practice and guideline implementation and facilitate individual membership by the BPSO lead or other staff.

Dissemination:

19. Share learnings, resources developed and achievements with the long-term care sector and the wider health-care community. The LTC-BPSO may select a minimum of two (2) options from the following list over the three-year period to support dissemination:
- Present at local, provincial, national or international conference(s) on BPSO activities and guideline implementation and/or outcomes;
 - Participate in RNAO events such as conferences/workshops/webinars as speakers/facilitators, at the request of RNAO;
 - Share implementation resources, through mutual agreement, on the RNAO website, and BPSO Communities.
20. Submit a minimum of one (1) manuscript for publication in a peer-reviewed or non peer-reviewed journal by the end of the three-year pre-designation period related to best practice guideline implementation, and provide RNAO with citations of all LTC-BPSO related publications for posting on RNAO’s BPG Literature Database (bpgreference.rnao.ca). This may include publications where LTC-BPSO team members are lead author(s) or publications where the LTC-BPSO team members are part of a team of co-authors, and/or joint authorship with the RNAO LTC-BPSO Coach and/or others involved in the BPSO Designation.

21. Include the following statement of acknowledgement on all presentations, publications and other LTC-BPSO related dissemination activities:

“This work is part of the LTC-BPSO® designation program, funded by the Ontario Ministry of Health and Long-Term Care. For more information about the RNAO LTC-BPSO® Designation program, please visit www.RNAO.ca.”

22. By the end of Year 2, develop an accessible BPSO web page on the LTC home’s website to broadly disseminate information about, and profile, the LTC-BPSO Designation. Links to the RNAO website will be facilitated.

23. Display the BPSO logo, provided by RNAO, on any professional practice, nursing, and BPSO related work, and acknowledge BPSO status in relevant organizational communication and dissemination activities.

24. Create a LTC-BPSO Social Media presence, according to organizational policies, using the hashtag #organizationnameBPSO.

Sustainability, Spread and Scaling Up – Designated LTC-BPSO after 2022:

At the end of the three (3) year LTC-BPSO pre-designation period, and assuming all deliverables are met, the LTC-BPSO organization will achieve “LTC-BPSO Designate” status. As a designated LTC-BPSO, and in order to maintain the LTC-BPSO designation (renewable every two years), LTC homes are expected to focus on sustaining and spreading current guideline activities, expanding guideline implementation internally and externally, and supporting other organizations in the development of evidence-based nursing cultures. For those LTC homes with multiple sites that selected one site to initiate their LTC-BPSO work, the expectation is that they would work to spread the implemented best-practices to the remaining sites following achievement of LTC-BPSO Designation. Specific deliverables will be delineated in the LTC-BPSO Designate Agreement Terms and Conditions, and will address the following areas:

25. Continue to support staff participation in capacity building opportunities including Best Practice Champions Network, RNAO professional development events, Advanced Clinical Practice Fellowships, and BPSO Knowledge Exchange Symposium; and maintain engagement of 15% of care-giving and management staff as Best Practice Champions.

26. Sustain guideline implementation and evaluation activities, including NQuIRE participation, initiated during the three-year LTC-BPSO pre-designation period, and spread this work to other practice areas within the organization.

27. Initiate the implementation and evaluation of a minimum of one additional guideline (clinical or healthy work environment) per designation period (two years) to address service delivery needs of the long-term care home.

28. Support the wider health-care community by serving as a mentor to new “LTC-BPSO organizations (during their pre-designation period) at the local, national or international level. This would be mutually agreed upon by the LTC-BPSO and RNAO.
29. Continue to disseminate the outcomes of the BPSO Designation, as noted above.

The RNAO, at a minimum, will commit to:

1. Provide the LTC-BPSO organization with access to RNAO’s published guidelines.
2. RNAO will provide the LTC-BPSO with free access to RNAO’s BPG Order Set library via the BPG Order Set website and RNAO’s BPG Order Set Implementation Guide for PointClickCare users.
3. Provide the LTC-BPSO organizations with an orientation to the International Affairs and Best Practice Guidelines Centre, the RNAO Long-Term Care Best Practices Program, the BPSO Designation and to specific guidelines and implementation resources with funding through the Ontario Ministry of Health and Long-term Care.
4. Support Champion development and BPG capacity building through the provision of Best Practice Champions workshops, access to the Best Practice Champions Network, and RNAO’s Clinical BPG Institute, and provision of financial support for registration and travel costs through funding from the Ontario Ministry of Health and Long-Term Care.
5. Enable access to implementation resources.
6. Provide opportunities to LTC-BPSO organizations to participate in various aspects of guideline development, implementation projects, and dissemination activities. These opportunities would be mutually agreed upon by both parties.
7. Facilitate participation in a network of LTC-BPSO Liaisons, for the purposes of knowledge transfer and exchange, through regular teleconferences, or other meetings/events. This network may be exclusive to the LTC sector, and/or may involve BPSO leads from other sectors.
8. Host an annual BPSO Knowledge Exchange Symposium to support continued capacity development, knowledge dissemination and networking opportunities with other BPSOs and support BPSO attendance through funding from the Ontario Ministry of Health and Long-Term Care.
9. Meet on a bi-annual basis (via teleconference) with each LTC-BPSO to review reports, monitor progress, and provide recommendations. The first meeting will take place after six months within the program, and will include key organizational decision-makers, LTC-BPSO Coach and RNAO leadership team. Such a meeting can take place earlier than six months, at the request of the LTC-BPSO or the

LTC-BPSO Coach.

10. Conduct a minimum of one site visit over the three-year period, at a mutually agreed upon time, to review on the ground implementation, monitoring, and evaluation activities (i.e. NQuIRE).
11. The RNAO LTC Best Practice Co-ordinator within the LHIN will act as the BPSO Coach for each BPSO for the three-year pre-designation period. The RNAO LTC-BPSO Coach, a member of the LTC Best Practices Program team, will work with the LTC-BPSO to a maximum of 0.2 FTE (the equivalent of one (1) day per week). Their role will include working directly with the LTC-BPSO Liaison and the implementation team, supporting guideline implementation and evaluation through consultation, coaching, linking with resources, and referrals. The LTC-BPSO Coach will provide his/her services through a combination of in-person and technology-enabled approaches to support the LTC-BPSO Liaison in learning guideline implementation skills. The frequency of contact between the two roles will decrease over time, based on need.

For those LTC homes with multiple sites that choose to implement and/or expand the implementation of best practice guidelines across the entire organization at all sites, please note that the availability of the RNAO LTC-BPSO Coach will still be 0.2 FTE (the equivalent of one (1) day per week).

12. In collaboration with the LTC homes, identify and/or direct appropriate research opportunities to the LTC-BPSO organizations.
13. Support a consistent approach to data collection, through the RNAO international indicator database *Nursing Quality Indicators for Reporting and Evaluation*[®] (NQuIRE[®]), of nursing practice, human resource structure, and resident outcome indicators by LTC-BPSO organizations through specifying indicators for, at minimum, the mandatory best practice guideline implemented ([page 6](#)) as well as by providing relevant instruments to LTC-BPSO organizations along with instruction and guidance for collecting data.
14. Provide LTC-BPSO with regular quality improvement updates by creating reports of aggregate indicator data from the LTC-BPSOs.
15. Fund through the Ontario Ministry of Health and Long-Term Care/RNAO agreement the following capacity building and guideline implementation resources:
 - a. 0.2 FTE LTC-BPSO Coach (the equivalent of one (1) day per week), provided through the LTC Best Practices Program.
 - b. Attendance of up to four (4) staff members (travel and accommodation, as necessary) to attend the LTC-BPSO Orientation session.
 - c. Registration, including accommodation and travel, for one (1) NP, RN or RPN per year to attend the RNAO Clinical BPG Institute (foundational or advanced stream).
 - d. Attendance of two (2) staff members/year to attend the annual RNAO BPSO

Knowledge Exchange Symposium (travel and accommodation, as necessary).

Eligibility Criteria for LTC-BPSO Applicants:

Long-term care homes are considered eligible to apply for this LTC-BPSO Request for Proposals if they meet the following criteria:

1. Have demonstrated a commitment to evidence-based practice by the previous implementation of one or more RNAO clinical nursing best practice guideline(s).
2. Have supported staff to participate in opportunities to develop capacity in evidence-based practice such as the Best Practice Champions Network[®], Advanced Clinical Practice Fellowship Program, attendance at the RNAO Learning Institutes or sector-specific provincial quality improvement capacity building initiatives.
3. Have a senior nurse leader, in the role of Administrator, Director of Care (or equivalent), who is a member of the senior management team.
4. Have strong and explicit support from their board (as applicable), senior management, senior nurse leader, clinical nursing staff, union and other key stakeholders for evidence-based practice and demonstrated support to the nursing profession and to the implementation of RNAO's best practice guidelines. This includes a description of how the LTC-BPSO will ensure regular communication about the LTC-BPSO to the governance level of the organization.
5. Have an organizational vision/mission that provides an opportunity for leveraging other initiatives related to evidence-based practice and resident safety.
6. Have the capacity to implement, monitor and evaluate nursing best practice guidelines using NQuIRE, including the collection and submission of data on nursing practice, resident outcomes, and organizational human resource structure indicators at baseline prior to implementation, and at regular post-implementation intervals.
7. Have the capacity to allocate a BPSO Liaison who will work with the RNAO LTC-BPSO Coach to support guideline implementation, evaluation and sustainability.
8. Have demonstrated the ability to engage in successful partnerships within the health-care community, both within the LTC sector and beyond.
9. Have the capacity and commitment to meet the requirements of the terms and conditions of the LTC-BPSO Designation (following the 3-year pre-designation period) in order to maintain their earned LTC-BPSO Designation (renewable every two years, assuming terms and conditions are met).

PROPOSAL EVALUATION

Selection Methods

1. Rating

The LTC-BPSO Proposal Evaluation Committee will utilize specific criteria to rate each proposal. Ratings will be confidential and no details will be released to any of the other Applicants.

Each proposal will be evaluated using the following criteria:

a) Scope of Work	20%
b) Organizational support	20%
c) Previous experience with RNAO guideline implementation	10%
d) LTC-BPSO Team's knowledge, skill and experience	15%
e) Capacity to deliver on LTC-BPSO requirements and sustain outcomes	20%
g) Financial contribution (actual or in-kind)	15%

2. Application Process

2.1 Letter of Intent:

An electronic letter of intent to submit a proposal must be received by Citlali Singh, Project Coordinator at csingh@RNAO.ca with a confirmation of receipt by **4:00 pm EST November 12, 2018**. Please note that the Letter of Intent is not binding, and organizations may choose to withdraw their Letter of Intent prior to the submission deadline. The Letter of Intent should include:

- Name of the long-term care home and key contact person.
- An indication that the requirements of the Request for Proposal are understood.
- Description of organizational support.

Those organizations submitting a Letter of Intent will receive instructions to access the online application form after the November 12 deadline.

2.2 Proposal

The following details should be provided in each proposal submitted, and this information will be utilized in evaluating each proposal received. The online application form provides questions within each of a set of categories, with a description of the number of words/characters for each response. Appendices (attachments to be uploaded) are restricted to letters of support, resumes, guideline implementation summary, budgets (for 3 years) and no more than 2 pages of other relevant information that will support the proposal.

Scope of Work to be Performed (20%):

Provide an overview which demonstrates that the long-term care home applying for this RFP understands the purpose and objectives of the LTC-BPSO Designation. Describe the size of the organization/site where guideline implementation will take place, including the number of residents, the number of regulated and non-regulated nursing staff (e.g., NPs, RNs, RPNs, PSW) and other health professionals, along with a summary of staffing model/staff mix and staffing ratios. The applicant will identify the total number of champions to be prepared and the target number for each year of the program which should be planned according to the following schedule: Year 1, 6%; Year 2, an additional 6%, totaling 12%; Year 3, an additional 3%, totaling 15%.

The applicant organization will state which RNAO best practice guidelines (BPGs) it intends to implement/expand in order to address gaps in service, and how these guidelines were identified. The three (3) BPGs must be clinical BPGs – at a minimum, one from the mandatory list in Table 1 on [page 6](#), and the remaining two from the lists in Table 1 and/or 2. At least one of the three guidelines will be implemented across the entire organization. All BPGs must be implemented by the end of the second year, with at least one guideline implementation completed in the first year. This will leave year three for a focus on evaluation and sustainability and prepare for LTC-BPSO Designation. For those LTC homes with multiple sites, organizations may select one site to initiate their LTC-BPSO work, and plan to spread to their other sites once they are a LTC-BPSO Designate, or they may choose to implement across the entire organization at all sites (see item 11 under RNAO supports, [page 12](#)). If the applicant selects the latter choice, the one guideline to be implemented across the LTC home must be implemented at all sites.

The applicant will identify and describe the desired short- and long-term goals of the LTC-BPSO experience and how their approach to guideline implementation, monitoring and evaluation will impact on nursing practice, resident and organizational outcomes.

Through quality improvement processes, applicants will demonstrate a commitment to monitoring changes in nursing practice, and resident and organizational outcomes related to the implementation of the guidelines. The applicant will include an explicit statement related to their agreement to meet the data collection and data submission requirements for LTC-BPSO organizations. The scope of the initiative (at the unit and/or organizational level), and the number of units and staff involved should be described, including the associated timeframes for implementation of each BPG, over the 3-year LTC-BPSO pre-designation period. As noted previously, for those LTC homes with multiple sites, organizations may select one site to initiate their LTC-BPSO work, and plan to spread during their LTC-BPSO pre-designation period, or they may choose to implement across the entire organization at all sites during the terms of this partnership. Should the organization choose to implement across all sites, please indicate within which LHIN the BPSO Liaison is located, to support engagement with the RNAO LTC-BPSO Coach.

Appendix A provides a template to summarize the applicant organization's plans for guideline implementation, and Appendix B provides a template for a high-level work plan.

Organizational Support (20%):

Organizational support is a clear contributor to a successful BPSO Designation. In this section, clearly, demonstrate the extent of organizational support at all levels including staff support from all relevant disciplines. Letters of support are required at a minimum from the Chairperson of the Board (as applicable), Administrator/Director of Care (or equivalent), Resident and Family Councils, union representative (as applicable) and representatives of caregiving staff. The letter of support from the senior sponsor should include a description of how the LTC-BPSO will ensure regular communication about the LTC-BPSO to the governance level of the organization while acknowledging and committing to the ongoing requirements that are part of the BPSO Designation. These letters should be uploaded as attachments.

Previous Experience with RNAO Guideline Implementation (10%):

Describe which RNAO guidelines, either clinical or healthy work environment, have been implemented, or are currently being implemented within the LTC home. Discuss what levels (sites, units, teams, programs) of the organization are currently involved in implementation, strategies used, existing infrastructure, resource allocation, challenges and barriers faced, and how these are being addressed. Include a discussion of how the interprofessional team, including regulated and unregulated staff, have been engaged in the process to date. Describe how you have utilized the RNAO LTC Best Practice Coordinator working within the LHIN boundary, and any Best Practice Champions (stating the number of Champions that are currently working in your home), Advanced Clinical Practice Fellows, RNAO Learning Institute attendees and/or other organizational supports in your guideline implementation work, as applicable.

LTC-BPSO Team's Knowledge, Skill and Experience (15%):

Provide an overview of the structure of the proposed LTC-BPSO Designation, including how guideline implementation will be managed and how the RNAO LTC-BPSO Coach will be engaged in this work. Describe the skills of the BPSO Liaison in relation to this initiative (résumé of the BPSO Liaison is to be uploaded with the application); résumés of other relevant staff may be included, if appropriate. Include a description of how existing teams focused on the required programs outlined in the Long-Term Care Homes Act, 2007 and Ontario Regulation 79/10 will be integrated into the LTC-BPSO activities.

Capacity to Deliver on LTC-BPSO Requirements and Sustain Outcomes (20%):

Provide evidence of internal resources and the capacity to meet LTC-BPSO

requirements and sustain outcomes (e.g., clinical and program management expertise, access to equipment, buy-in from key stakeholders, information management and technology support, etc).

This description will also address the organization's capacity to provide data on nursing, resident and organizational outcomes as part of NQuIRE. This should include: a description of the applicant organization's understanding of the requirement for data submission to NQuIRE; identification of which human resource structural indicator(s) the applicant organization is committing to collect, from the list included on [page 9](#); and a clear statement of the current evaluation and monitoring processes within the organization, including identifying sources of data, and how the applicant organization intends to collect the data (who will be involved in this process? e.g., BPSO liaison, IT/decision support, payroll/HR/admin office representatives).

In addition, discuss how the applicant organization plans to meet BPSO deliverables, for example, engage staff in the ACPF program, dissemination of outcomes (through those options listed on [page 10/11](#)) and manuscript development and publication. Please provide evidence of involvement in other initiatives that the long-term care home has undertaken which would be comparable to the scope of this initiative and supports the applicant home's capacity to engage in the LTC-BPSO Designation. A letter of support from a past or current partner may be uploaded, as appropriate.

Financial contribution (15%):

Provide a detailed budget for Year 1, Year 2 and Year 3 of the LTC-BPSO pre-designation period. This should include actual and/or in-kind contributions for the three-year pre-designation period. The budget must be itemized as follows: human resources, special consultations, quality improvement, monitoring/evaluation, education/training (e.g., cost of staff replacement) and implementation resources. Refer to Appendix C for a sample budget template. A separate budget for each of the three years is required.

3. The Agreement

Any award from the RFP is conditional upon the applicant entering into an Agreement with the RNAO to perform the services and other obligations described in this proposal.

The Agreement will contain the relevant provisions of this RFP and of the successful proposal, as well as such other terms as may be mutually agreed upon, whether arising from the proposal or as a result of any negotiations prior or subsequent thereto.

If a successful applicant fails to enter into the Agreement within thirty (30) calendar days of receipt of notification that the applicant's proposal has been accepted, or if an applicant wishes to make amendments to the Agreement terms that are not

acceptable to RNAO, RNAO shall have the right, in its sole discretion and without liability to any person or organization to:

- a) Extend the period for negotiation or signing of the Agreement
- b) Cease negotiations with the applicant and enter into negotiations with any other applicant without issuing a new RFP
- c) Not enter into the Agreement with that applicant
- d) Cancel this RFP, or
- e) Issue a new RFP.

Attachment: Appendix A to C

-----END-----

APPENDIX A

Template: Summary of Scope of Work to Be Performed

Clinical Guidelines for Implementation	Service Gap(s) or Goal of Performance Excellence Addressed by Guideline	Sites/Unit(s) / Programs / Teams for Implementation OR Implementation across the entire LTC Home	Number of staff involved in Implementation
Guideline Publication Date			
Guideline Publication Date			
Guideline Publication Date			

Add additional rows as necessary to summarize the applicant organization's plans for guideline implementation.

APPENDIX B

Proposed Three Year Work Plan

All BPGs must be implemented by the end of the second year, with at least one guideline implementation completed in the first year. This will leave year three for a focus on evaluation and sustainability and prepare for LTC-BPSO Designation.

Add additional rows as necessary to summarize the applicant organization’s plans for guideline implementation.

Best Practice Guideline	Implementation Unit(s)	Planning Time Frame		Implementation Time Frame		Evaluation Time Frame	
		Month/Year	Month/Year	Month/Year	Month/Year	Month/Year	Month/Year
		Start	End	Start	End	Start	Ongoing

2.							
3.							

APPENDIX C Budget Template

The categories listed below are the required line items to be included in the annual budgets for the LTC-BPSO. Additional lines may be added to reflect any additional expenses anticipated beyond those listed in the key categories.

Please note that an individual budget is required for each year of the LTC-BPSO partnership – a sample one year budget template has been provided below. The RNAO annual contributions to the budget have been estimated, and are included in the template.

• Year 1: 2019-2020

• Year 2: 2020-2021

• Year 3: 2021-2022

Year ____:

	LTC-BPSO Budgeted Contribution	Comments
TOTAL HUMAN RESOURCE COSTS • BPSO Liaison • Implementation Team members (as applicable)		
TOTAL SPECIAL CONSULTATIONS		
TOTAL QUALITY IMPROVEMENT MONITORING/EVALUATION		
TOTAL EDUCATION AND TRAINING • Champion Release time, implementation team release time, Summer Institute attendance		
TOTAL IMPLEMENTATION RESOURCES (list items, as appropriate)		
TOTAL LTC-BPSO Contribution		

	RNAO through the MOHLTC funding source Annual Budget Contribution	Comments
RNAO LTC-BPSO Coach (0.2 FTE)	\$22,250	
Support to attend annual BPSO Symposium (2 staff) – travel and accommodation	\$750	Approximate cost, depending on travel/accommodation requirements.
Support to attend LTC-BPSO Orientation Launch (2 staff) – travel and accommodation	\$750	Approximate cost, depending on travel/accommodation requirements.
Summer Institute – Registration, Accommodation and Travel	\$3,500	
TOTAL RNAO through the MOHLTC funding source contribution	\$27,250	
TOTAL BUDGET: Total LTC-BPSO plus Total RNAO
