

Tuesday, Oct. 19th: Red Tent **Canada Day of Action**
for a Federal Housing Strategy

Toronto Solidarity Rally:

Housing is a Human Right!

12pm - 1pm

Ministry of Housing - 777 Bay St.
(southeast corner of Bay & College)

Canada is currently the only G8 country without a housing strategy. The result has been a housing and homelessness crisis that the United Nations described in a 2009 report as a national emergency.

A solution is within our reach. With Bill C-304, an *Act to ensure secure, adequate, accessible and affordable housing for Canadians*, set to go before Parliament for a final vote within weeks, we have an opportunity for a federal housing strategy that could meet the diverse needs of communities across Canada.

Come send a message to all three levels of government:

- Support Bill C-304 and introduce a Federal Housing Strategy!
- Ontarians need a fully-funded long-term provincial affordable housing strategy!
- On October 25th vote for housing - Toronto's new Mayor and City Council must stand up for homeless people and low-income tenants!
