

Complimentary RNAO Membership for Undergraduate Nursing Students

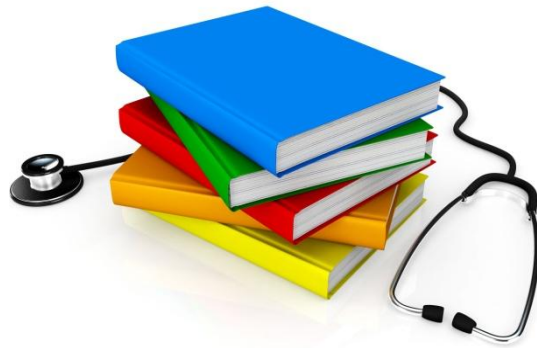

(including students in RPN to RN bridging and accelerated types of bachelor's degree programs)

Limited-time offer. Sign up by Wednesday, October 31, 2018, 11:59 p.m.

The Registered Nurses' Association of Ontario (RNAO) is offering **complimentary membership to nursing students enrolled in a bachelor's degree program leading to the designation of RN**. RNAO is Ontario's largest professional association speaking out on behalf of RNs, NPs and nursing students.

This complimentary membership allows undergraduate nursing students to participate in RNAO's advocacy, provides access to valuable benefits and service, and exposes them to the most pressing issues in nursing, health and health care.

Memberships are valid until October 31, 2019. RNAO membership provides a rich nursing perspective, compliments their formal nursing education and looks great on a resumé.

Undergraduate nursing students should sign up immediately at <https://MyRNAO.ca/join> to become part of the process to shape health-care and nursing policy in Ontario (make sure to select "Undergraduate Nursing Student Associate" from the drop-down menu).

Sign up by 11:59 p.m., Wednesday, October 31, 2018 to guarantee your complimentary membership.

With your complimentary RNAO student membership, you receive:

- a subscription to the *Registered Nurse Journal*, RNAO's award-winning flagship publication
- a silver coloured "NS" (nursing student) pin
- access to
 - career counseling services and resources
 - financial services
 - Best Practice Guidelines
 - political influence and action
 - information, education, communications and outreach
 - networking opportunities with nurses and nursing students
 - involvement at the provincial, local or interest group (IG) level
 - and much more!
